Image report

The `img` elements of the page are shown below categorized by their type of textual alternative. Please review that the images in each group match that group's definition.

No textual alternative available, image linked

The following images are links and have no textual alternative available (no `alt` attribute). Having an `img` element without a textual alternative as the content of a link is handled ungracefully by popular screen readers.

| Image          | Location  |
|----------------|---|
| Not resolvable | <a href="#">From line 7, column 60: to line 7, column 126</a> |
