# Nu Html Checker

This tool is an ongoing experiment in better HTML checking, and its behavior remains subject to change

**Showing results for contents of text-input area**

## Checker Input

Show ☑ source ☐ outline ☑ image report   [Options…]

Check by [text input ▾] ☐ css

```
@extends('layouts.app')

@section('content')
<!--
<section class="py-5 container text-center" id="contacts">
        <div class="row g-5">
            <div class="col-lg-8">
                <h1 style="color: #571f70">Contacts</h1>
                <p style="color: #571f70" class="fs-2">If you have any question, please use one of<br>the following contacts to share it with us.</p>
                <p style="color: #571f70" class="fs-2">E-mail: store@smart.com</p>
                <p style="color: #571f70" class="fs-2">Telephone: +351 912 345 678</p>
                <a style="border-color: #571f70; background-color: #571f70; color: white"
                    class="btn btn-primary btn-lg " href="catalog" role="button"> Return to the Catalog</a>
            </div>
        </div>
```

[Check]

Use the Message Filtering button below to hide/show particular messages, and to see total counts of errors and warnings.

[Message Filtering] *3 messages hidden by filtering*

1. **Error** Bad value `{{ asset('/images/persistance.jpeg') }}` for attribute `src` on element `img`: Illegal character in path segment: `{` is not allowed.

   From line 21, column 13; to line 21, column 152
   ```
                   <img src="{{ asset('/images/persistance.jpeg') }}" style="object-fit: cover;" class="card-img-top" height="250" data-holder-rendered="true">↵
   ```

2. **Error** An `img` element must have an `alt` attribute, except under certain conditions. For details, consult **guidance on providing text alternatives for images**.

   From line 21, column 13; to line 21, column 152
   ```
                   <img src="{{ asset('/images/persistance.jpeg') }}" style="object-fit: cover;" class="card-img-top" height="250" data-holder-rendered="true">↵
   ```

3. **Error** End tag `section` seen, but there were open elements.

   From line 40, column 1; to line 40, column 10
   ```
       </div>↵</section>↵↵@end
   ```

4. **Error** Unclosed element `div`.

   From line 19, column 5; to line 19, column 36
   ```
   tUs">↵        <div class="d-flex flex-column">↵
   ```

## Document checking completed.

## Image report

The `img` elements of the page are shown below categorized by their type of textual alternative. Please review that the images in each group match that group's definition.

### No textual alternative available, not linked

The following images are not links and have no textual alternative available (no `alt` attribute), and are, therefore, not accessible to people who cannot see the images or understand the symbols in them.
An image belongs here if the image is significant (non-decorative) and the markup generator doesn't have knowledge on what the image is about available. For example, a photo gallery generator does not have textual alternatives available when the user refuses to provide them. Purely decorative images should have the empty string as the textual alternative (`alt=""`), so it is a mistake for those to appear here. Also, when the markup writer knows what the images are about, (s)he should write textual alternatives.

| Image | Location |
|---|---|
| *Not resolvable* | From line 21, column 13; to line 21, column 152 |
