Nu Html Checker

This tool is an ongoing experiment in better HTML checking, and its behavior remains subject to change

Showing results for contents of text-input area

Checker Input

Show ☑ source ☐ outline ☑ image report [Options…]

Check by [text input ▾] ☐ css

```
@extends('layouts.app')

@section('content')
<section class="container" id="aboutUs">
    <div class="d-flex flex-column">
        <div style="margin-top: 2rem;position: relative; text-align: center;">
            <img src="{{ asset('/images/about_us.jpeg') }}" style="object-fit: cover;" class="card-img-top" height="250" data-holder-rendered="true">
        </div>
        <div style="margin-top: 5rem;margin-left: 3rem;">
            <h1 style="color: #696969">About us</h1>
        </div>
        <div style="padding: 3rem;">
            <p style="color: #696969 ;font-size: 1.25vw;">SmArt is a dynamic marketplace for art. We provide international acess to exclusive pieces made by world renoun artists.
                Our collection is diverse and goes across multiple art forms with out recent introduction of NFT's. It's updated and restocked regularly so there are always new opportunities.</p>
```

[Check]

Use the Message Filtering button below to hide/show particular messages, and to see total counts of errors and warnings.

[Message Filtering] *3 messages hidden by filtering*

1. **Error** **Bad value** `{{ asset('/images/about_us.jpeg') }}` **for attribute** `src` **on element** `img` : **Illegal character in path segment:** `{` **is not allowed.**

   From line 7, column 13; to line 7, column 149

   `<img src="{{ asset('/images/about_us.jpeg') }}" style="object-fit: cover;" class="card-img-top" height="250" data-holder-rendered="true">↵`

2. **Error** **An** `img` **element must have an** `alt` **attribute, except under certain conditions. For details, consult** **guidance on providing text alternatives for images.**

   From line 7, column 13; to line 7, column 149

   `<img src="{{ asset('/images/about_us.jpeg') }}" style="object-fit: cover;" class="card-img-top" height="250" data-holder-rendered="true">↵`

3. **Error** **End tag** `section` **seen, but there were open elements.**

   From line 20, column 1; to line 20, column 10

   `</div>↵</section>↵@ends`

4. **Error** **Unclosed element** `div` .

   From line 5, column 5; to line 5, column 36

   `tUs">↵        <div class="d-flex flex-column">↵`

Document checking completed.

Image report

The `img` elements of the page are shown below categorized by their type of textual alternative. Please review that the images in each group match that group's definition.

No textual alternative available, not linked

The following images are not links and have no textual alternative available (no `alt` attribute), and are, therefore, not accessible to people who cannot see the images or understand the symbols in them.

An image belongs here if the image is significant (non-decorative) and the markup generator doesn't have knowledge on what the image is about available. For example, a photo gallery generator does not have textual alternatives available when the user refuses to provide them.

Purely decorative images should have the empty string as the textual alternative (`alt=""`), so it is a mistake for those to appear here. Also, when the markup writer knows what the images are about, (s)he should write textual alternatives.

Image	Location
Not resolvable	From line 7, column 13; to line 7, column 149
